CAREER OBJECTIVE:

Passionate Java Developer with two years of experience in developing and maintaining enterprise-level applications using Openbravo and Spring Boot. Eager to master Java and drive innovation in dynamic projects, aiming to build top-tier, scalable applications that make a real impact. Ready to grow, learn, and contribute to a forward-thinking team.

PROFESSIONAL EXPERIENCE:

Having **2.0** years of experience in development of web-based applications using **Java** and java related technologies at **Exceloid Soft Systems Pvt Ltd, Hyderabad**.

EDUCATION DETAILS:

Course	Name of the Institution	University/Board	Year of Passing	Percentage
Degree (B.sc Home science)	Acharya NG Ranga Agricultural University	ANGRAU	2022	83%
Intermediate	Sri Chaitanya Jr College	Board of intermediate education	2017	97%
SSC	Sri Takshashila public school	Board of SSC	2015	93%

PROJECT DETAILS:

Project #1

Titles : ABE Project.
Clients : **Arab Beverages L.L.C.– UAE** (ERP Domain)
Duration : Feb 2023 – July 2024.
Environment : Java 8, STS, Openbravo,Postgres DB, Postman, Git, Github, JasperSoft.
Technologies : Spring Boot & Micro Service, SQL.

Description:

Led the development and customization of key ERP modules for Arab Beverages L.L.C., a major

manufacturing and distribution company. Leveraged Openbravo to create and enhance Sales Order, Proforma Invoice, and HR & Payroll modules, providing real-time insights that improved decision-making and operational efficiency. Managed PostgreSQL databases by designing and altering tables, implementing triggers, and automating processes through stored procedures.

Developed REST API services using Spring Boot to handle CRUD operations and efficiently process large datasets. Additionally, I designed JasperSoft print templates for essential documentation like KOTs. I conducted comprehensive unit, integration, and functional testing to ensure robust software performance. My role also involved providing ongoing production support and documenting detailed technical specifications, user manuals, and operational guides to facilitate both internal operations and client use.

Responsibilities:

- Requirement Analysis
- Coding and Unit testing
- Deployment, end to end testing and production support.

Project #2

Titles	: OFC Project, module Implementation and production support.
Clients	: Organic Foods & Cafe- UAE (ERP Domain)
Duration	: June 2022 – July 2024.
Environment	: Java 8, STS, Openbravo, Postgres DB, Git, Github, Postman, JasperSoft.
Technologies	: Spring Boot & Micro Service, SQL.

Description:

Provided critical support for Organic Foods & Café, a leading organic supermarket and café chain in the UAE. Monitored and optimized program performance, managed end-to-end incident tracking, and ensured timely client follow-up. Modified existing applications to adapt to system changes and improve functionality. Worked closely with business users to resolve issues and implement enhancements. Performed daily health checks on applications, job schedules, and infrastructure, and conducted in-depth research to identify and address production issues. Additionally, cross-trained as a backup for development and maintenance tasks.

Responsibilities:

- Requirement Analysis
- Coding and Unit testing
- Deployment, end to end testing and production support.

TECHNICAL SKILLS:

Programming Languages	: Java/J2EE, SQL.
Java Technologies	: Java8, JEE (Servlets, JSP, JDBS).
Frameworks	: Spring Boot, JasperSoft.
Web Services	: Restful Web Services.
IDE	: STS, Eclipse, Jasper Studio.
Databases	: Postgres DB.
Web Servers	: Apache Tomcat.

Build Tools : git, Maven, github.
Cloud Technologies & Logging : AWS.
Ticketing Tools : My CW
Messaging Tools : Google Chat, Teams.

ACHIEVEMENTS:

- Designing, building and maintaining Java-based applications & websites
- Contributing and taking part software and architectural development activities
- Developing well-designed, efficient, and testable code
- Conducting software analysis, programming, testing, and debugging
- Troubleshooting and resolving the reported issues and replying to queries in a timely manner
- Preparing and producing releases of software components
- Producing detailed design documentation
- Improve the code quality by implementing best practices
- Recommending changes to improve established java application processes

PERSONAL DETAILS:

Date of Birth : 29-05-2000
Gender : Female
Father's Name : Madhavarao Paladi
Nationality : Indian
Languages Known : English, Hindi, Telugu
Permanent Address : Sanath Nagar, Hyderabad

DECLARATION:

I hereby declare that the above-furnished particulars are true to the best of my knowledge and belief.

PLACE: Hyderabad
