# Aditya Dev

**Mobile:** 9835428812
**Email:** adityadev564@gmail.com
**Date of Birth:** 09/09/2002
**GitHub:** https://github.com/AdityaDev564

## EDUCATION

**1. Shri Mata Vaishno Devi University**      **Katra, Jammu and Kashmir**
Bachelor of Technology in Computer Science and Engineering      2020-2024
Cumulative GPA: **8.31/10.00**
Courses: DSA, Computer Networking, DBMS, Operating Systems, Machine Learning, Mathematics

**2. Himalayan Residential School**      **Patna, Bihar**
Senior School Certificate Examination      2019
Percentage: **89.6%**

**3. Patmer School**      **Patna, Bihar**
10$^{th}$ CBSE Board      2017
CGPA**: 10.00/10.00**

## PROJECTS

1.  **Learning Hub**
- A React-based website for students to learn about different subjects present during B. Tech CSE curriculum.
- Developed and implemented a robust system to provide students with access to the previous year's question papers for university exams.
- Curated a comprehensive online learning platform for students, offering a wide range of educational resources including articles, videos, and interactive practice platforms, resulting in a 40% increase in student engagement and knowledge retention.
- Uses Firebase for Google Authentication.
- Used **ReactJS, React Router DOM, Tailwind CSS, Firebase.**
- **GitHub Link:** https://github.com/AdityaDev564/LearningHub
- **Website Link:** https://learning-hub-lime.vercel.app

2.  **Tech Stack**
- A React-based website that gives the platform for the students to join different groups (like Web Development, Machine Learning) to create a community for asking questions and discussing the domain.
- One can send text messages, images, videos, documents, markdown messages and can reply to the question as a chained response.
- Also provides OpenAI chatbot using OpenAI API .
- Used ReactJS, React Router DOM, Tailwind CSS, Firebase
